Keys to Successful Selling

Standard Industrial Classification System

3842 – Orthopedic, Prosthetic & Surgical Appliances and Supplies – Autoclaves, Hospital and Surgical

Application:

EFC12 quick disconnect coupling simplifies autoclave draining process.

In This Application:

Colder couplings provide a quick connection from the autoclave to plastic tubing going to the condensate drain lines or collection containers.

Media:

Condensed
Steam
(water)

Pressure:

Atmospheric

Temperature:

To 160°F

Colder Part Numbers:

EFCD16612 and EFCD22612

Features/Benefits:

- High efficiency valve provides greater flow capacity in a compact size.
- Polypropylene material provides chemical resistance and allows it to be gamma sterilized.

Autoclave Drain Line

All sales are subject to Colder Products Company's limited express warranty set forth in the Colder catalog. Contact your local distributor or Colder Customer Service for warranty provisions.
